

Abundant lineup corresponding to needs for everything from parts machining to ultra-high accurate mold machining. Mitsubishi Electric helps to enhance productivity with total solutions covering machine, power supply, adaptive control, automation systems and networks.

MX600

MX600

Flagship dielectric-oil model equipped with extraordinary machining performance to meet high accuracy demands.

MP Series

MP1200 / MP2400/ MP4800

High-class model incorporating a ultra-high accuracy machining.

PA ADVANCE Series

PA05S ADVANCE / PA10 ADVANCE / PA20 ADVANCE

Flagship Series equipped with extraordinary machining performance to meet high accuracy demands.

MV-R Series

MV1200R / MV2400R

Innovations of next-generation High-Performance Machine.

MV-S Series

MV1200S / MV2400S

Innovations of next-generation Standard Machine.

MV4800

MV4800

Large-sized standard model innovating next-generation high-performance machine.

FA-V Series

FA40V / FA50V

Provides considerable machining travel and high rigidity for large workpieces.
